

More Practice

Name _____

1. Use the data in the horizontal graph to complete the vertical graph.

Problem Solving

Use the bar graphs above to answer questions 2-5.

- How many stamps from Mexico did Stacey have? _____
- For which countries did Stacey have fewer than 20 stamps?

- How many fewer stamps did Stacey have from Italy than from Canada? _____
- Stacey put all her stamps from 2 countries in the front of her stamp book. There were 30 stamps. Which two countries were they from? _____

Explain Your Thinking

- Use the bar graphs above to make a pictograph that shows Stacey's stamps. Be sure to include a key that shows what each icon stands for.
